Dear Harold,

Received your mailings of 9/28, 9/30, and 10/3, plus the ~~extra~~ extra copy of the executive session microfilm. I have copied the Kirkpatrick papers, and ~~am~~ am returning them. Jim S. will check the numbers.

Your letter of 9/25 to Gary is most interesting. On Wade; you know better than I how to handle him. I have no suggestions at this point, but I ~~feel~~ feel that you should send the material to him eventually, even if he ~~does~~ does not reply.

I will go over your notes on the literature distribution documents I sent you in more detail, as time permits. One minor point: the Voebel ~~picture~~ picture mentioned by Corporan (CD 6, p. 421) may be that one published by Life on 2/21/64 (CE 284).

The only page of CD 194 I have but did not send is page 13, an interview of David Chandler ~~concerning~~ concerning his one contact with Oswald, a couple of days after 8/9/63. I believe you already have this page. Chandler is identified with the "David Crawford" in Oswald's notebook. I suggest you ask Barry to check the rest ~~of~~ of this CD, as well as all the other N.O. CD's, for more on the literature distribution. If he could prepare a list of all the Commission's "name files" (KP), this could be quite valuable; we might not be able to get such a list ~~from~~ from the Archives by mail.

On Odio, ~~Jim~~ Jim S. has ordered for you CD 205, pp. ~~646-7~~ 646-7, and CD 246, pp. 18-26. It is noted that a large block of pages in CD 1546 (roughly 176-215) is indexed to Odio and related people. I suspect that these are mostly identical to pages you have in O. in N.O. from CD 1553, but I can not be sure yet. I will try to check further, but this would be good to look at at the Archives.

Your letter to Liebelier is good, I hesitate to suggest ~~it~~ it, but I think that a meeting with Lifton might not be a complete waste of time for you.

Most of the Texas documents Sylvia cited are from Carr's correspondence file; I have some of them. The entire file is included on a microfilm edition of Texas stuff (entitled "Files of evidence connected with the investigation of the assassination ..."; Lib. Cong. card ~~66-6447~~ 66-6447) which isn't ~~worth~~ worth \$30 but should be accessible to you in Washington. (I have asked for a copy ~~on~~ on interlibrary loan.) I have the Texas Supplemental Report (CD 1536), which doesn't seem worth copying.

Looking ~~forward~~ forward to seeing you.

Sincerely,

Paul

P.S.: (Envelope opened) More on Odio: CE 3146 is the transmittal letter for 4 memos, one of which is CE 3148. I cannot find either the letter or any of the memos on the CD list! Do you know what and where these are? I am particularly interested in the one with 14 attachments. (Lists of names, perhaps?)

P.H.
